Chris –

I had a conversation late yesterday with John Goodin, who had touched base again with Dave Ross on this topic. John confirms that we seem to be well-aligned and that a quick conversation between you and Dave should seal the deal for our path to issue a decision on Oregon's list. Again, let me know if you have questions or otherwise want to discuss further. Otherwise, I have staff working on what I hope are the final touches of a letter I would send to Oregon. Thanks.

Subject: Oregon List Decision

Chris –

As I have mentioned previously, I am hoping you can have a conversation with Dave Ross (soon) to affirm between the two of you our approach to the Oregon 303(d) List, specifically as it relates: **Deliberative Process / Ex. 5**

Deliberative Process / Ex. 5 I have attached a few bullet points that I hope will be helpful as a good summary for such a conversation. Recall that the question that I understand Dave had posed was along the lines of "what does our record look like?". Let me know if a quick discussion would be helpful/needed.

Thanks.
